

YEAR 10 Autumn Term

'An ambitious curriculum that meets the needs of all'

Medium Term Planning - Topic: Relationships & Families

Curriculum Intent	<p>Why do we teach this to students?</p> <p>Students study this as part of their GCSE Religious Studies. This is the second of 4 themes studied and it allows students to complete their GCSE Paper 2 – Thematic Studies. Students should be aware of different religious perspectives on the issues studied within and / or between religious and non-religious beliefs such as atheism and humanism. Students must also study religious, philosophical and ethical arguments related to the issues raised, and their impact and influence on the modern world. Students should consider different beliefs and attitudes to religious and non-religious issues in contemporary British society</p> <p>Why do we teach this now?</p> <p>Students have completed a study of Christian Beliefs and are now studying their second theme. This theme is taught in the Autumn term as many of the key teachings such as sanctity of life and creation have just been taught in the Religion and Life unit. Students already have the basis of the key Christian ideas upon which many of the issues in this unit are grounded in. This unit is also taught now to mirror the short course GCSE. The curriculums mirror each other in the autumn term of Year 10 to allow student movement between course should it be needed.</p> <p>Students need to study 4 of 6 themes for the second RS GCSE paper. This is the second of the 4 themes, Theme A: Relationships and family.</p> <p>Specification aims:</p> <ul style="list-style-type: none">• develop their knowledge and understanding of religions and non-religious beliefs, such as atheism and humanism• develop their knowledge and understanding of religious beliefs, teachings and sources of wisdom and authority, including through their reading of key religious texts, other texts and scriptures of the religions they are studying• develop their ability to construct well-argued, well-informed, balanced and structured written arguments, demonstrating their depth and breadth of understanding of the subject• reflect on and develop their own values, belief, meaning, purpose, truth and their influence on human life• reflect on and develop their own values, beliefs and attitudes in the light of what they have learnt and contribute to their preparation for adult life in a pluralistic society and global community. <p>Assessment Objectives:</p> <p>AO1: Demonstrate a knowledge and understanding of religion and beliefs including:</p> <ul style="list-style-type: none">- beliefs, practices and sources of authority- influence on individuals, communities and societies- similarities and differences within and/or between religions and beliefs. <p>AO2: Analyse and evaluate aspects of religion and belief, including their significance and influence</p> <p>The assessment objectives are weighted 50:50 in the exam.</p>
Skills/Assessment objective links	
Spiritual, moral, social, and cultural development	<p>SMSC: Spiritual: The ability to be reflective about their own beliefs, religious or otherwise, that inform their perspective on life and their interest in and respect for different people's faiths, feelings and values. A sense of enjoyment and fascination in learning about themselves, others and the world around them. Moral: acceptance and engagement with the fundamental British values: individual liberty and mutual respect and tolerance of those with different faiths and beliefs; they develop and demonstrate skills and attitudes that will allow them to participate fully in and contribute positively to life in modern Britain. Cultural: understanding and appreciation of the range of different cultures within school and further afield as an essential element of their preparation for life in modern Britain.</p> <p>PSHE: Tackling religious discrimination</p> <p>British Values: Individual liberty, mutual respect and tolerance of those of different faiths and beliefs.</p> <p>Skills Builder: Listening, speaking, problem solving, creativity, staying positive, aiming high, leadership and teamwork</p>
Numeracy	<p>There is opportunity for students to explore number, fractions and percentages when looking at the number of marriages, divorce or types of families.</p>
Literacy	<p>Vocabulary Tier 2: explain, similar, contrasting, contemporary, age of consent, contraception, divorce, family, heterosexual, homosexual, marriage, remarriage, same-sex marriage, same sex parents, step family,</p> <p>Vocabulary Tier 3: adultery, annulment, bigamy, civil partnership, conception, extended family, cohabitation, gender discrimination, nuclear family, polygamy, sanctity of life, sex before marriage, sex outside of marriage,</p> <p>Reading: Students have the opportunity to read religious texts. They will summarise teachings, ideas, arguments etc. This also allows students the opportunity to clarify - discussion of any words or ideas that the student didn't understand.</p> <p>Writing: RS GCSE is a literacy based subject. Students are supported in developing their answers to explain the beliefs and impacts of those beliefs. Students are also working on developing contrasting arguments to evaluate the ideas raised. This written work takes the form of 4,5 and 12 mark answers.</p> <p>Oracy: Students need to be able to articulate their own ideas and beliefs as well as discuss this with other students. Then sharing of ideas through discussion allows students to understand different points of view. Questioning of their points of view also allows them to develop their reasoning so that their arguments can stand up to scrutiny.</p>
Becoming future ready	<p>RS students develop:</p> <ul style="list-style-type: none">- the ability to build and interrogate arguments and how to question and evaluate narratives- critical thinking skills and the ability to interpret information, formulate questions and solve problems- organisational and time management skills- teamworking and communication skills- writing skills, including accurate referencing and the ability to construct a reasoned argument- empathy and the ability to understand people and their motivations- the ability to appreciate different perspectives and take on board others' views- the ability to work methodically and accurately- independence of mind and the ability to think for yourself.
Adaptation	<p>Throughout this topic, quality first teaching will provide differentiation:</p> <p>By product: differential outcomes using must, could, should.</p>

QFT/SEND Provision	<p>By resource: PowerPoints have different levels of differentiation to access, 'key points' extension, stretch and challenge.</p> <p>By Intervention: by providing different levels of supervision and support, revision drop ins, catch up sessions.</p> <p>By Progressive Questioning: exploring pupils' understanding through interactive dialogue.</p> <p>By Grouping: according to prior attainment, gender and behaviour</p> <p>By Task: Many tasks are scaffolded to support students, where there is a choice of task students are supported in choosing the task which will best support them to achieve their ability.</p> <p>By Offering Optional Activities: In class or as homework, to extend learning.</p>
